Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Sonya M Jarrett (illustrator). Language: English. Brand new Book. The Soldiers Creed: Hard Lessons of the U.S. Army for the Success of a Future America explores the Soldiers Creed line by line and explains how each part can dramatically improve your, professional, or personal relationships by offering unique insight of how these principles work in the Army. Perception is reality. How we relate, communicate, serve, and accept responsibility for our own actions are the absolute cornerstones to being successful. When these are mastered, life is harmonious. Other people want to be around you because success seems to tackle you. When in reality, the rewards from making quality decisions simply present themselves. Soldiers work hard to adhere to these principles to maintain their strength and formidability. Today, Americans live in a shadow of fear. They see global political and economic problems as an overwhelming crisis that may ruin them; and are afraid to make decisions or commitments that may impact their future in negative way. As a result, many are paralyzed with inaction personally and professionally. It is the Soldiers Creed that can serve as a beacon and safety net for relating to others and making sound decisions. It has been honed and perfected through centuries of defending democracy and building relations around the world. The Soldiers Creed provides a wholesome guide to all aspects of life. These principles can be used to build successful families, businesses, or organizations, and help overcome personal and professional obstacles.
